

17.5" POOL SKIMMER

- Heavy Duty Aluminum Alloy Frame
- Ultra Fine Mesh Net
- Easy Glide Scoop

HOLDS UP TO
50 LBS

HEAVY DUTY FRAME

Strong aluminum alloy frame won't bend or break under stress.

CLEAN ALL YOUR WATER FEATURES

Easily remove debris from swimming pools, hot tubs, spas, fountains, ponds and all your water features.

ULTRA FINE MESH

80 mesh/180 microns will filter leaves, sand, pollen, bugs, silt & very small particles as well as any larger debris.

ANGLED FRONT LIP

Wide and inclined front lip easily skims debris from the bottom while the polymer rim wont scratch the surface and is also UV for an extended lifespan.

*NOT SUITED FOR ALGAE

EZ-CLIP CONNECTION

Attach the skimmer in a breeze with buttons that prevent your fingers from getting pinched while attaching or detaching a telescopic pole.

POLE NOT INCLUDED

Fits standard size 1-1/4" diameter telescopic pool poles (sold separately).
